The Prohibition special passed through Earlington Saturday morning about 10:25 in a brisk shower. Mr. White, nominee for governor, and W. M. Likins came on the coach platform and Mr. White made a few remarks, attacking Republicans and Democrats. Brisk work of the Earlington people and the rain prevented the attendance of any crowd to greet the representatives of the Prohibition party. At the close of Mr. White's talk the presidential candidate, Mr. Wooley, came out and said a few words. The train stopped only long enough to take water and be inspected.

The Earlingtonians who composed the Ashbysburg fishing party returned Friday night, after several days of pleasant camping and good sport. The party was made up of W. D. Caviness, Geo. Einwechter, of Philadelphia, who is visiting Mr. Caviness, Dr. E. A. Chatten, M. B. Long, and Julius C. All. All are experienced anglers and as the fishing was good a number of squirrels were killed by the party, they had a royal time. The boys say that although Julius C. Coenen has made many a gallon of vinegar in his time he seems to have forgotten the distinguishing characteristics of that fluid, and thereby hangs a tale.

Horse Drowned.

Barnett & Arnold, liverymen of this place, lost a good horse last Friday in an unusual manner. The animal had been hired by two men named Royster and Lovelace, who live in Earlington. They hired the horse and buggy and drove across the southwest part of the county. A telephone message received Saturday morning said they had driven into Tradewater river at a point where they did not know its depth and that the horse was drowned. They hired a horse at Dawson Springs and returned with buggy and harness.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Jefferson and the Ratio.

It is very hard to understand how any intelligent Democrat can look up to Jefferson as the "father of Democracy," and yet favor the free coinage of silver at a ratio of 16 to 1, at a time when the market, or commercial, ratio is about 32 to 1. Jefferson's opinion was quite to the contrary. In his "notes on a money unit," he said: "The proportion between the values of gold and silver is a mercantile problem altogether. Just principles will lead us to disregard legal portions altogether; to inquire into the market price of gold in the several countries with which we shall principally be connected in commerce, and to take an average from them."

NEGOGA, ILL., Oct. 14, 99. PEPSIN SYRUP CO., Monticello, Ill. Gentlemen:—I feel it my duty to express to you my gratitude for what your wonderful remedy has done for me. I was completely run down with a complication of stomach disorders. For ten months I could not work and was treated by three eminent physicians. One insisted upon operating on me, declaring nothing short of an operation for appendicitis would cure me. A friend induced me to try Dr. Caldwell's Syrup Pepsin and from the first dose I began to improve and have not had any trouble since. I have gained 25 pounds in weight and am enjoying the very best of health. I never fail to say a good word for Dr. Caldwell's Syrup Pepsin for I know what it has done for me it will do for others. Gratefully yours, CHARLES CURRY. Sold by St. Bernard Drug Store.
